

## Religiana is a project of **Future for Religious Heritage (FRH)**

*FRH was established in 2011 as the only independent, non-faith, non-for-profit European network working to safeguard religious heritage. The network has more than 200 members in 45 countries and promotes collaborative projects and the exchange of best practices throughout Europe.*

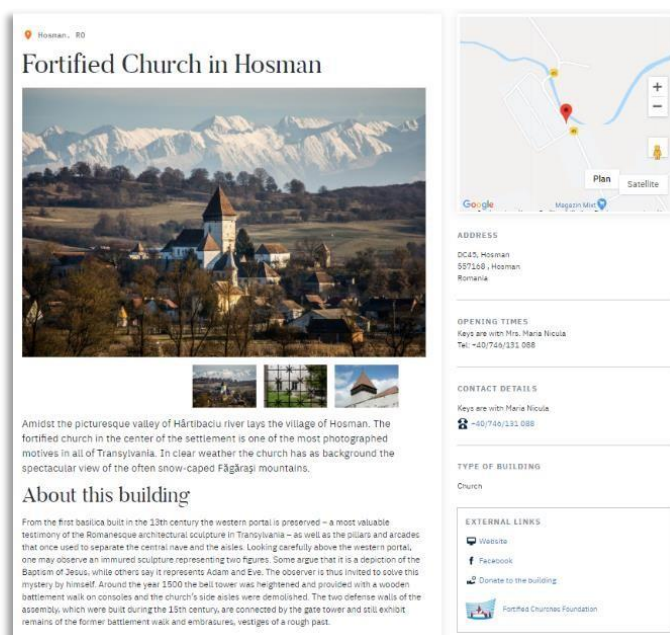

### THE CONCEPT

**Religiana** is a project that brings places of worship to visitors by giving them Europewide visibility.

The output of the project is the Religiana website, hosting more than **9,000** religious heritage sites from **46** countries and constantly expanding.

The website provides visitors with historic and tourist information like opening hours and key characteristics of the sites.

Religiana website is a gateway to partner organisations, it redirects our visitors to their websites.
